ABSTRACT

- The restaurant system is responsible for managing and organizing accounts, listing food and drink menus and their prices, and a system for printing order receipts.

0- First Page

- WHEN IT DOWENLOAD IT OPENS RIGESTER PAGE.

1- Login page

- when user name and password is true it's go to the system or can click sign up to new account.

LOGIN

Welcome To My System

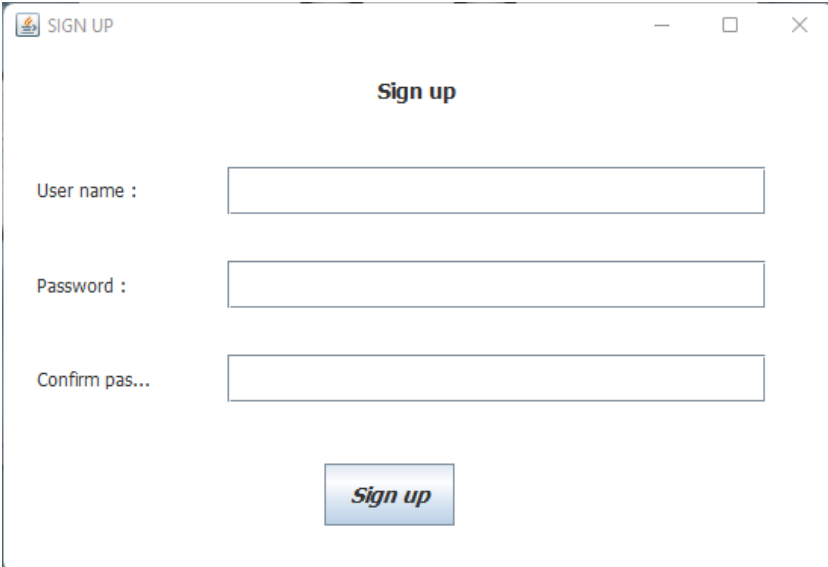

User Name

Password

Login Sign up

2- Sign up page

- When a new user use the system he must sign up.

The image shows a screenshot of a software window titled "SIGN UP". The window has a standard title bar with minimize, maximize, and close buttons. Inside the window, the text "Sign up" is centered at the top. Below this, there are three input fields arranged vertically. The first field is labeled "User name :", the second is labeled "Password :", and the third is labeled "Confirm pas...". Each label is followed by a rectangular text input box. At the bottom center of the window, there is a blue button with the text "Sign up" in white, italicized font.

3- Restaurant page

- Page to choose where you want to deal with your data. Button “سناكس , مشروبات” will take you to menu Button “الحساب” to know the total price and number of orders

4- Menu pages

- To order and know the total price and print receipt

5- Manage page

- to know number of orders and calculate total of money

The screenshot shows a window titled "MANAGE" with a standard Windows-style title bar (minimize, maximize, close buttons). Inside the window, there are two rows of data, each consisting of a label in a box and a numerical value to its right. The first row shows "عدد الطلبات" (Number of orders) with the value "0". The second row shows "الحساب الكلي" (Total bill) with the value "0.0". At the bottom center of the window, there is a button labeled "Clear".

| Label | Value |
|--------------|-------|
| عدد الطلبات | 0 |
| الحساب الكلي | 0.0 |
